

ORBE S.A
THE NEW FACTORY

HISTORY

ORBE S.A was founded in 1941 in Vigo by Daniel Vicente Álvarez, grandfather of the current Managing Director. For more than 80 uninterrupted years, the cannery elaborates its products combining handmade tradition with the best raw material from our Galician sea inlets and the custom-made of the product as per customer's demand, being this the main distinguishing element of the company over its competitors.

THE NEW FACTORY

The cannery opened in April 2016 its new factory in the Industrial Area of A Reigosa in Pontevedra, with a total space of 10.000 m², with leading and environmentally sustainable facilities.
